Jane, the two most important things:

1. When everyone is back in January, Miguel and Bill want a briefing on the 6WQ-P no comment letter regarding GP-Crossett and the WQS for Mossey Lake/Coffee Creek. This briefing needs to occur before Theresa Marks is here on 1/7/10. It is anticipated that LDEQ will not be pleased with the permit or our no comment letter.
2. The RA wants a briefing on enforcement at EPA. RC will have the lead according to Bill. We will have a role obviously with wetlands. One of Al's questions deals with different penalty policies. No date has been set. I would think we would want to coordinate format.
